

How to Make.... a Feathered Pen

1.

Tear off the webbing or leave a tuft

The quill is now clean but for the decorative tuft at the end.

Close up of the end of the quill

2.

3.

cut away the tip of feather shaft. Remove the membrane inside the quill.

4.

Make a slit in the tip of the feather shaft where the cut away tip is. Place on wood cutting board to do this.
